netDimmer - NEMA 7 dimming control module

Light sensing transparent cover

Photocell Sensor

Microprocessor controller

Mesh wireless transciever (4000')

30 AMP Relay @ 250VAC SPST

Sealed AC Power supply @ 480 VAC

IP66 rated seal for outdoor use

ANSI 136.41 Base (NEMA 7 standard)

Sensor input contacts Motion sensor, current sensor
LED Driver Output Voltage controlled 0-10VDC

netDimmer NEMA7 Dimmer Module

Switched AC Mode (photocell optional)

0-10VDC Dimmer Only Mode (non AC switched)

Switched AC Line with 0-10VDC Dimmer Mode

Dual Dimmer Driver Mode (16 fixture)

Switched Dimmer with Amp Monitor Mode

OCC Motion Sensor Mode

Microwave Motion Sensor Mode
